Academic Plan

The Kelley curriculum is broad, equipping you with a comprehensive skill set that extends beyond the scope of one specific major. Exposure to diverse fields of study will enable you to approach your career and life with a well-rounded perspective. This holistic education fosters critical thinking, adaptability, and effective problem-solving. Additionally, Kelley curriculum enhances interpersonal and leadership abilities, preparing you to excel in diverse roles and contribute meaningfully in various organizational contexts.

Kelley Curriculum is largely revolved around Integrated Core, better known as I-Core. I-Core is a semester-long experience of four classes, designed to pull together all of the concepts in the I-Core prerequisites and instill a higher level of learning that bridges the classroom and the real-world. The professors coordinate their course materials so that students are able to see the connections between various areas of business and use their understanding of those interrelationships to make business decisions. The final I-Core case, a Kelley ‘rite of passage,’ is an extensive and intense team project in which students demonstrate all they have learned.

With that said, here is the progression of classes that you will take throughout your four years in Kelley:

- [Indiana University General Education Requirements](#)
 - Can be completed at any time, although it is recommended you complete these in your first year.
- [I-Core Prerequisites](#)
 - Completed throughout your first and second years.
- [Other Required Courses](#)
 - Time of completion varies by course.
- [Integrated Core \(I-Core\)](#)
 - Completed after

1. All I-Core Prerequisites have been completed with grades of C or better.
2. You are admitted to the Kelley School of Business.
 - This is typically taken Fall of your Junior Year.
- [Major Specific Courses](#).
 - Completed after I-Core.

Each hyperlink above takes you to what are called Academic Bulletins that outline these specific degree requirements in greater detail. These links reflect the requirements for the 2024-25 school year. To view bulletins for another school year or other IUB schools, click [here](#). In addition to these requirements, you may also consider additional courses such as a double major or co-major in Kelley or an additional major or minor from another school. To map out your four year plan, follow the instructions below:

1. Visit [One.iu.edu](https://one.iu.edu) and log in using your IUB credentials (You created this account during your IUB application process).
2. Type “iGPS” into the search bar and select “iGPS Plan (Student).”
3. In iGPS, you can utilize the “Plan” and “Degree Maps” tools located in the top right corner to create your four year plan.

Lastly, if you meet certain criteria, you also have the option to apply for the Kelley Business Honors Program in the beginning of spring semester in your freshman year. In this program, you will take the honors equivalent for the above courses. For more information, click [here](#).

Selecting a Major

Kelley offers [20 majors and co-majors](#) to choose from. As a Kelley student, you may choose your combination of majors and co-majors. A co-major means that you must select a “regular” major in addition to one of the co-majors offered. Co-majors are typically broader subjects that can provide targeted study to supplement your chosen major, and can also help to differentiate or brand you to recruiters. Co-majors add concentrated knowledge and strengths, and while they are not required, they can be a great way to enhance your skills.

Majors	Description	Popular Career Choices
Accounting	Study the methods involved in making a financial record of business transactions and the preparation of statements concerning the assets, liabilities, and operating results of a business.	• Public Accounting • Corporate Accounting • Consulting • Auditing • Taxation

	co-major complements a functional area of business with a strong background in sustainable business strategy and implementation.	conscious ways to to do business • Draws multiple disciplines like public/environmental affairs, geography, and business
--	---	--

In Fall 2025, the Kelley School of Business and Jacobs School of Music launched a new degree for [Bachelor of Science in Music Business](#)

Not sure what your major is? The major you selected when you applied to IUB is currently your chosen major. If you are not sure what that is, follow the instructions below:

1. Visit [One.iu.edu](https://one.iu.edu) and log in using your IUB credentials (You created this account during your IUB application process).
2. Type “View Unofficial Transcript” into the search bar and select “View Unofficial Transcript.”
3. Indicate Bloomington as your campus location and choose “Unofficial/Cur Enrl/All Career” from the drop down menus.
4. Your current transcript will be generated and at the bottom of the page you will see a section called “Academic Objective as of Last Enrollment” that lists your current major.

Not happy with your current major? Use this [Major Minor Change Request Form](#) to submit a request to add, remove, or change your major(s) and minor(s). You typically do not have to declare or be decided on your major until after you have completed I-Core. It is advised that you do this after meeting with your Academic Advisor (see below)

Need help selecting a major? There are plenty of resources to help you decide. Here are some tools you can utilize:

- [Kelley Undergraduate Career Services](#) is an excellent resource for learning about different career paths. For instructions on how to make an appointment with Undergraduate Career Services, see “Academic Resources” on page X.
- [Kelley Academic Advisors](#) are trained professionals eager to help you succeed in any way they can. For instructions on how to make an appointment with a Kelley Advisor, see “Academic Resources” on page X.
- Do your research! There are plenty of major-specific career outcome data available online including salary, employment rate, and job location data. If any of those are important criteria for you, that data is very helpful.
- Reach out to your peers! Many older Kelley students would be happy to offer any insight and wisdom they have with you.

Academic Resources

Kelley offers numerous academic resources designed to support your learning and help you excel in your future career. From academic advising to tutoring, these resources are here to ensure you have the tools and guidance needed to succeed.

One of Kelley's most renowned resources is [Kelley Undergraduate Career Services](#). Their office is located in Prebys Career Center (HH 0200, 1st Floor). As previously mentioned on the "Selecting a Major" page, Undergraduate Career Services is a great tool for selecting a career path. In addition, the Career Services office assists you in entering your chosen field by hosting career fairs, resume workshops, and more!

To make a Kelley Undergraduate Career Services Kelley appointment, follow the instructions below:

1. Visit joinhandshake.com and log in using your IUB credentials (You created this account during your IUB application process).
2. Select the "Career Center" tab on the left column.
3. Select the box titled, "Appointments →"
4. Select "Schedule New Appointment."
5. Select "Kelley School of Business Undergraduate Career Services" as your category and choose your appointment type accordingly.

Another great resource for students for all things Kelley are [Kelley Academic Advisors](#). A meeting with a Kelley Advisor is an excellent way to get help creating your four year plan, gain insights on potential major selections, learn about Kelley organizations, and talk any and all things Kelley related.

To make a Kelley Advising appointment, follow the instructions below:

6. Visit [One.iu.edu](https://one.iu.edu) and log in using your IUB credentials (You created this account during your IUB application process).
7. Type “SOAR” into the search bar and select “SOAR.”
8. Under “Your Advisor” you may see the name of an advisor with whom you can schedule an appointment. **Note: You do not have to meet with that advisor. You are welcome to schedule a meeting with any advisor you like, whether or not they are assigned to you.**
9. Select “Schedule an Appointment” and follow the instructions accordingly. **Note: If the advisor you would like to schedule an appointment with is unavailable, you can always go to the Kelley Academic Advising office located in HH 3035 at the Drop-In Hours listed on the page without making an appointment.**

The academic resources at Kelley are not limited to career help. Below is a list of tutoring and coaching services that Kelley and IU offer, all of which are free for IUB students:

- [Academic Success at Kelley \(ASK\)](#)
- [Academic Support Center Tutoring Services](#)
- [Math Learning Center](#)
- [Writing Tutorial Services](#)
- [Accessible Educational Services](#)

If you would like additional tutoring services, there are countless options beyond what the university itself provides. For example, [Campus Tutoring Service](#) is another academic resource in Bloomington that is unaffiliated with IU. For even more options, social media is a great place to look, especially Facebook parent groups!

Recruiting

International Students

Curricular Practical Training Eligibility for International Students

If you are an F-1 student and have a practical training opportunity that will give you practical experience in your field of study before you graduate, such as an internship, you may be eligible for a type of authorization called Curricular Practical Training (CPT). Check to see if you are eligible:

- ☐ Full time student for at least one full academic year
- ☐ Have F1 status
- ☐ An offer letter outlining the training opportunity in your major field of study
- ☐ You have registered for an appropriate course that covers the duration of the training that you seek.
- ☐ Submit an e form for CPT permission through atlas and upload your offer letter
- ☐ Wait for the university to get back to you and then register for the appropriate course
- ☐ Submit academic advisor form and wait for a response from ois
- ☐ Download your new i20 and book an appointment with the SSA office in bloomington
- ☐ Carry your passport, latest i20 and crimson card along with the appropriate form (SS-5) for SSN

- ☐ Wait for 2 weeks till you get your SSN and then visit your bank branch
- ☐ As an international student you are only permitted to work for 20hrs a week

Potential Financial Constraints

International students may not have the same access to scholarships and financial aid as domestic students.

- Exchange rates between U.S. dollars and their domestic currency can be high.
- International students are not eligible for loans unless they have a U.S. citizen or legal permanent resident willing to cosign for the loan or they got citizenship themselves.
- International students with F-1 visas are with limited work permits on campus and no more than 20 hours per week. Among the jobs available on campus, some are only available to students of the federal work-study program, which leads to even fewer job opportunities for the foreign students.

Industry Schedules

Field	Application Season	How to Prepare
Investment Banking Season: Fall-Winter		Prioritize excelling in your courses and beyond ● Aim to maintain a 3.5+ GPA ● Strong grades show dedication and a solid work ethic ● Participating in various extracurricular activities demonstrates valuable soft skills to potential employers Resources: <u>12 Tips to Get Good Grades in College - University of</u>

		boost your resume and general knowledge ● Consider an accounting-focused resume ● Add job experiences that utilize financial, communicative, or data managing skills ● Build your accounting internships skills such as basic accounting knowledge, attention to detail, collaboration, and math ● Show potential employers that you've worked with people or handled situations that demonstrate effective communication IU Recruiting Resources: ● IU hosts regular Big 4 nights and beyond Big 4 which features recruiters from the Big 4 companies and smaller and midsize recruiting firms ● Numerous opportunities on Handshake Resources: How to Get an Accounting Career in 8 Steps - LinkedIn
Consulting	Summer-Fall	Tasks: ● Interns are typically tasked with data collection or research for firms' projects Skills to Demonstrate: ● Enthusiasm and willingness to learn ● Create a resume and cover letter of experiences to show to potential employers ● Focus on consulting related courses or relevant experiences with school projects or extracurriculars Preparation: ● Start researching internships early ● Attend career fairs and search different websites like Handshake and LinkedIn ● Use IU's career services center ● Focus on developing finance and business knowledge, strong soft skills, good strategic

		and problem-solving skills, and attention to detail • Many different kinds of companies: accounting, analytic, financial, etc Resources: How To Get Management Consulting Internships (With Tips) Indeed.com How to Get a Consulting Internship - Graduate Coach
Marketing	Fall-Winter (Jan/Feb)	Develop Digital Marketing Skills: Familiarize yourself with digital marketing channels • Social Media, Email Marketing, Content Marketing, Search Engine Optimization (SEO), and Pay-per-Click (PPC) Advertising Tasks: • Research current market trends • Identify ways to improve the company's marketing efforts • Manage the companies' social media accounts and engage with followers • Write content for marketing materials, • Meet with the marketing manager to plan and discuss upcoming events Requirements: • Knowledge in marketing, digital media, and advertising • Certifications can make you a more competitive candidate ○ Google Analytics and Google AdWords offer useful certifications Helpful Skills: • Creativity, Communication, Teamwork, Organization, and Time management Resources: Learn About Being a Marketing Intern Indeed.com

Information Systems	Fall	Focus on Technical Skills: Technical proficiency in areas such as database management, programming languages, network administration, cybersecurity, and systems analysis ● Highlight your technical skills on your resume and be prepared to showcase them during the interview process ● Certifications can be completed through Google Career Certificates and LinkedIn Learning for little to no extra cost ● Companies like Salesforce offer specialized training that also can help you secure that dream job. Stay Updated on Industry Trends: Stay informed about industry trends, emerging technologies, and relevant certifications to demonstrate your passion for the field and your commitment to continuous learning. ● TechCrunch, The Verge, and Wired are some examples of reading material focused on technology ● Opportunities to attend technology seminars are offered often! Ask UCS and professors for intro level classes like S-302. Listen to Podcasts and Webinars: Tune in to podcasts, webinars, and online video series hosted by industry experts and practitioners. These platforms offer a convenient way to stay informed about industry trends, innovations, and best practices while on the go. ● Reply All, TWiT, and The Accidental Tech Podcast are some examples of industry respected information channels
Retail	Fall-Winter (Jan/Feb)	Workshops: ● Consider joining the Retail Workshop with John Talbott! ○ Special trips to visit corporate sponsors including Abercrombie and Fitch, Macy's, and GAP.

		Develop Leadership Skills: • Strong leadership skills to motivate and inspire their teams, resolve conflicts, and drive results • Seek opportunities to develop leadership skills through volunteer work, leadership roles in student organizations, or part-time supervisory positions Familiarize Yourself with Retail Technology: • Increasingly technology-driven, with tools and systems for point-of-sale (POS), inventory management, customer analytics, and online sales channels • Stay updated on the latest retail technology trends and familiarize yourself with commonly used retail management software
Supply Chain	Fall-Winter	Skills: Supply chain internships look for those with necessary skills. Demonstrate you have taken comprehensive courses or that you've gained experience by working on relevant projects. Networking and building connections with professionals in the field is a great way to make connections. Most positions will be looking for those knowledgeable on supply chain, logistics, chain management, and customer service. Next, prepare your resume. Applications: Apply for jobs by browsing job boards for relevant postings, consult professionals in your network, or reach out to companies you're interested in working for. Resources: Your Guide to Supply Chain Internships Handshake (joinhandshake.com) Five Tips for Landing a Successful Supply Chain Internship - Inbound Logistics
Real Estate	Fall-Winter	Prerequisite Skills: Most employers expect you to have prerequisite skills to underwriting, leasing, and other related activities. You do not yet need to know how to do these tasks. Demonstrate you have taken

		courses in real estate. Learning and mastering real estate scripts is a valuable skill. Market analysis is a good example of a skill that is beneficial to know. Resources: What Are Real Estate Agent Skills? (Plus How to Improve) Indeed.com Canada Goals of the Internship: Many real estate firms are looking for interns that can expand or boost their online presence so having relevant knowledge and skills will be useful. Most companies will value people aspiring to obtain a real estate license in the future. Some will take applicants interested in real estate, communications, or marketing. Resources: 7 Pro Tips to Become a Real Estate Internship + Finding Internships Jobs - RealtorMate
Public Relations	Fall-Winter	Gain Writing Experience: PR professionals often write press releases, media pitches, blog posts, social media content, and other materials. - Attempt to Peer Coach for C-104 and/or C-204! This will give you management and presentation/writing experience. - Reach out to someone at Writing Tutorial Service to get in touch here! - Consider picking up a minor in either SPEA or the Media school! Stay Informed About Current Events: PR professionals need to stay familiar with current events, industry trends, and news developments that may impact their clients or organizations. Regularly read newspapers, industry publications, blogs, and online news sites to stay informed and identify potential PR opportunities or challenges.

Interviewing

Diverse Background Conversation for Interviews

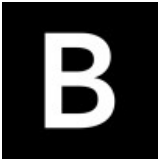

- How does international status provide a more well rounded perspective?
 - International students bring diversity and enrich the experience of themselves and others when they travel abroad for education. They promote cultural awareness to others who may not be familiar with their culture's customs and traditions. International students can learn and share different cultures and languages. Ultimately, this will promote cultural adaptability, which benefits everyone. Classes and discussions can be enriched with differing perspectives and a larger variety of schools of thought.
- What is the competitive advantage of speaking more than one language?
 - Speaking two or more languages is increasingly a valuable skill in the business world. It can help one land a job, be promoted, or even be paid more. Putting all the languages you are fluent in is key for your resume as being bilingual or trilingual is an advantage. You may be able to serve more customers who may speak other languages. Specifically, languages like Spanish and Chinese have become much more widespread in the United States than in the past. Employers seek our employees who can speak to these customers and in some cases, do business overseas. Within the job, it can lead to promotions. Employers are more likely to advance employees who have these strengths. In addition, being bilingual is likely to lead to 5-20% more pay because it is considered a specialized skill.

Top Kelley Recruiters' Diversity Programs

The top 100 recruiting companies at Kelley provide a wide range of opportunities, from discovery programs to full-time job offers. To promote workplace equality and support diversity, many of these companies offer specialized educational programs and internships focused on diversity.
